TIERNAN GETS MARRIED AGAIN; WIFE IS PEEVED

HAMMOND, Ind., Nov. 25.—(By The Associated Press.)—Professor John D. Tiernan, of South Bend, Ind., and Mrs. Blanche J. Brimmer of Hammond, Ind., were married today by Justice Howard Kemp, at Crown Point, Ind. The professor who was divorced on Thursday from his wife, Mrs. Augusta Tiernan, principal in the Tiernan-Poulin paternity case at South Bend, gave his age as 32. The bride gave her age as 24. The license was issued at Crown Point this morning and the couple went to Justice Kemp and after the marriage ceremony left Crown Point immediately toward Hammond, as far as known, mentioning their destination.

Special Articles in Sunday Paper

SPECIAL writers have articles in the Sunday Standard-Examiner tomorrow as follows:
GARDNER—Unemployment serious menace to Bonar Law's program unless continental quietude can be arranged—England's internal program becomes menacing.
HARDEN—Unless new German government affords opportunity for progress, it cannot cope with increasing unrest at home.
TARDIEU—France hopes Clemenceau can bring about new American-French entente to meet present crisis.
BIRD—Paris police now speak English last hope of tourists to study French at first hand in metropolis disappears.
MAUDE NASH—How the I. W. W. convention now in progress in Chicago sizes up from the viewpoint of a woman.
COLFAX—Exclusive analysis of statistics available indicates the farmer coming back with cash to spend, will be enormous factor in restoration of (Continued on Page Two)

CHILD TELLS POLICE ABOUT BRUTAL CRIME

SAN FRANCISCO, Cal., Nov. 25.—A policeman found a nine-year-old child crying at a downtown street corner Friday. The officer accompanied the girl to her home. "Papa put mamma into a trunk," the child said while the policeman led her toward the home. At her house the girl, later identified as Helen Bannon, pointed out the trunk, which, when opened, revealed the doubled-up corpse of Mrs. Margaret Bannon, her mother, bleeding from head wounds. Elmer Bannon, her husband, was taken into custody earlier in the day, a few blocks from the spot where his lost daughter was found, after engaging in a fight, and was being held on a charge of disorderly conduct, when the body of his wife was found. He denied any connection with the killing. Helen told the police her father deserted her on the corner where she was found.

U. S. SPOKESMAN AT LAUSANNE HAS SURPRISE

Child Amazes Delegates By Insisting on Open Door in Turkey
POLICY SET FORTH
Request for Neutral Zone Held Up At East Parley

LAUSANNE, Nov. 25.—(By The Associated Press.)—Richard Washburn Child, chief American spokesman at the Near Eastern conference, amazed the other delegations at this morning's session by reiterating the insistence of the United States upon the open door policy in Turkey. He read the aide-memoire delivered on October 30 to Great Britain, France and Italy and said that the American government and public supported this policy. The conference adjourned its morning session after the completion of Ambassador Child's statement and will resume the discussion of boundaries this afternoon. **CHILD'S ADDRESS.** Mr. Child spoke as follows: "It is not and will not be the concern of the representatives of the United States to expose at this conference views, which have not for their basis the legitimate national interests of the United States or those of humanitarian consideration which I assume are shared by every delegation present. "We will, however, and I trust acceptably state when the occasion arises the position of the United States. We believe that a convenient and appropriate occasion now has arisen. **U. S. POSITION STATED.** "It is not unknown to those who have observed the history of conferences and negotiations that few subjects may be considered by themselves, but rather in connection with other subjects. It is for this reason that all the various points of negotiation must in the end be considered as a unit and it is often true that not one detail of negotiations can be considered as isolated from the others. "The representatives of the United States are unable, therefore, to hear concluded the discussion of any territorial settlement which in its turn may affect other settlements without drawing the attention of the conference to certain traditional principles of the foreign policy of America. **REQUEST HELD UP.** The request of the Turkish delegates to a neutral zone on Turkey's western boundary has been held up, apparently because no nation wants to guarantee peace in any Balkan zone. **PAKISTAN STATEMENT.** Pakistan desired the powers to guarantee the neutrality of a belt 30 kilometers wide on each side of the Turco-Bulgarian and Turco-Grecian frontier along the Maritza river, brought no definite decision by the powers. It was evidently agreed that the neutrality question could be disposed of later.

GERMAN ASSASSINS CHEATED BY GERARD

NEW YORK, Nov. 25.—James W. Gerard, former ambassador to Germany, who was reported by German newspapers recently as having died in Paris, has no intention of denying the report. "No," he commented as he read clippings from German newspapers denouncing him as the enemy of Germany. "Why should I tell them I'm alive, now that they've used up the obituaries?" Mr. Gerard suggested that the obituaries were prepared last June when he contemplated visiting friends in Germany, but was advised not to lest he be assassinated. "They probably got the obituaries ready for my assassination when I thought of visiting Germany last June," he said. "And it might have been a great satisfaction to put them into use. They all sound like the day after an assassination."

Engineer Also Overcome By Fumes Fatal To Evanston Rail Employee

(Special Dispatch.)
EVANSTON, Wyo., Nov. 25.—Overcome by gas from an engine "slipping" in the Aspen tunnel, 19 miles east of Evanston, W. D. Kenson, Union Pacific fireman, is dead, and T. Thomas, engineer, is recovering from near asphyxiation. The two engineers were discovered on the floor of the engine cab Thursday by Conductor Sweet, who went to the engine to learn the reason for the train stopping. Drs. Holland and Wicks of Evanston were hastened to the tunnel on a light train. They were able to revive Mr. Thomas, but the fireman was beyond resuscitation. Mr. Thomas had fallen in such a position on the floor of the cab that he was able to breathe enough fresh air to overcome the deadly effect of the gas from the engine smoke. He remembered shutting off the throttle, he said, when his fireman was overcome, but nothing more. His face was scarred and bruised from the contact with the steel floor of the locomotive cab. The train was within two car lengths of the tunnel exit when the men were stricken. Mr. Kenson was 23 years old. He leaves a widow in Evanston. His father, in Oregon, has been notified. The body will be shipped to Albany, N. Y., where the two formerly resided.

CHARLES CHAPLIN, film comedian, who is reported engaged to marry Pola Negri, the famous foreign star, who is declared to be a Polish countess.

CHAPLIN AND POLA NEGRI TO BE WED SOON

Comedian Doesn't Deny Report and Countess Refuses To Talk

LOS ANGELES, Nov. 25.—A story published today by the Los Angeles Times that a report of the engagement of Charlie Chaplin, motion picture comedian, to Pola Negri, Polish screen tragedienne was current among the Hollywood studios, was neither denied or confirmed by Chaplin, while Miss Negri denied herself to interviewers who sought a statement from her. The report was said to have "kept the studios excited for three weeks and the remainder of Hollywood talking for several days." The comedian is said to have met the tragedienne first when he toured Europe more than a year ago and since Miss Negri came to Los Angeles for film work recently, Chaplin is reported to have been in her company as often as the conventions permitted. **SHE MUST TALK.** Chaplin told newspapermen any announcement "must come from her." "I cannot say 'yes,' he declared, "and if I said 'no,' think of the position it would put her in." Chaplin is a native of England and was a music hall comedian in London before entering motion picture work. Miss Negri is a Polish countess. According to the Times, Miss Negri cancelled an engagement to give a representative of that newspaper an interview when she received intimation of the subject he wished to discuss. The Chaplin-Negri romance, the paper continues, had its beginning when Chaplin toured Europe last year. **NEGRI HAPPY.** And when Negri recently arrived here and again met Chaplin, she was said to have exclaimed: "This is what I have looked forward to ever since I started." They are said to have been "almost inseparable" since she reached Los Angeles. When the Times reporter sought to reach the actress to ask her about her reported engagement to the comedian, a personal representative said: **ACTRESS HITS CEILING.** "She hit the ceiling when the subject of talk was mentioned." Chaplin was reached and interrogated with considerable difficulty. After at first declining to discuss personal affairs, he said: "I can't say 'yes,' any such announcement must of necessity come from her. She is a gentlewoman and a foreigner. Don't you see? She does not understand American ways in a case of this kind. She would resent my making a statement. And if I said 'no,' just look at the position in which that would put her."

FAMOUS CATHOLIC COLLEGE DESTROYED

WINNIPEG, Man., Nov. 25.—Two students lost their lives and 25 others were injured today when fire destroyed St. Boniface college, one of the oldest and noted Canadian Catholic institutions. The famous Jesuit library was destroyed.

PRICKETT SETS FORTH STATE'S C. P. ATTITUDE

Traffic Man Claims Divorce Would Mean Higher Rates Here
HE'S FRIEND OF S. P.
Grouping Road With Union Pacific Unwise, He Thinks

WASHINGTON, Nov. 25.—Careful investigation into the situation which would develop by separation of the Southern Pacific and Central Pacific systems has convinced business interests within the State of Utah that harm would result to that territory from enforcement of the separation decree of the supreme court. H. W. Prickett, expert representing the state government and the chambers of commerce at Salt Lake and Provo, declared today before the interstate commerce commission. The general result of an immediate divorce would be increased transportation costs, restrictions of the marketing area, and elimination of competition so far as Utah is concerned, according to Mr. Prickett's views. The increased transportation costs would logically result in increased rates, he said, because Utah traffic moving to Pacific coast points would have to travel over two separate lines. The marketing area for Utah products on the Pacific coast would shrink, he added, because of the two-line haul which would replace the present one line movement and because the Southern Pacific separated from the Central which now serves Utah, would encourage traffic from competitive territory. He argued that competition now existing for movement of traffic from Utah to the Northern Pacific and to the Southern Pacific coast points would be materially reduced and that the Central Pacific would be "largely dependent upon the Union Pacific," creating a situation "sometimes otherwise than in the public interest."

STEAMER CARRYING 2,000 ORPHANS IN DISTRESS IN TURKEY

CONSTANTINOPLE, Nov. 25.—(By The Associated Press.)—The American Near East relief steamship Belgravia, carrying 2,000 orphans from Asia Minor, collided with the transatlantic liner, New York, at the junction of the Bosphorus and the sea of Marmora this morning. Allied ships have gone to their assistance. Two American sailors aboard the Belgravia. They are: Paul Betts, of Towanda, Pa., and Miss Elizabeth Murlin of Hartford, Conn. (Note.—The Belgravia left Constantinople for Samsun, on the Black sea coast of Asia Minor, on November 14 to begin the evacuation of 7,500 Greek and Armenian orphans, whom it was desired to remove because of the recent edict of the Turkish nationalists giving the Christian population a definite period in which to leave the country. The orphans were to be taken to Athens, where the Near East relief is planning to accompany them in schools and in monasteries.)
